How to use the BUILD UP communities?

Marianna Papaglastra
BUILD UP project facilitator
BUILD UP EPBD community co-facilitator

BUILD UP Skills EU exchange n°1
24 November 2011

Agenda

■ What is a **BUILD UP** Community

■ Join a community

▶ What can I do as **community member**

- **Follow** the community updates: find relevant news/publications/events
- **Share** information (propose new content or start a discussion)
- **Receive** community messages/newsletters etc.

■ Propose a new community

▶ What can I do as **community facilitator**

- **Edit** my community
- **Manage members**
- **Add** existing BUILD UP content in my community
 - » Subscribe to BUILD UP RSS feeds
 - » Highlight content
- **Order** content (sticky's)
- **Share**

- » Send a message to members
- » Send to a friend
- » Share through social media

What is a BUILD UP community?

- A virtual public but dedicated forum to share, appraise, discuss, ask questions or simply follow the most relevant content and developments on a specific topic of interest.
- Learn from your peers and share your successes with others...
... join our BUILD UP Communities!
- *In practice:* buildup.eu/communities

BUILD UP Communities

The **BUILD UP** portal hosts an array of exciting communities which gather members with common interests, offering messaging, blogging, calendar and document sharing tools as well as networking opportunities. Communities are open and help Build Up users to connect even better with other peers to share knowledge and news.

Any **BUILD UP** registered member can start a community or voluntarily join one. However, all communities have their specific guidelines, so please take a moment to read the [Rules of Conduct](#).

Learn more about how to join and participate in a community:

The screenshot shows the BUILD UP Communities website interface. At the top, there's a header with the BUILD UP logo, a survey announcement, and user navigation links. Below the header is a navigation bar with links like Home, News, Events, Publications, Links, Cases, Tools, Members, and Blogs. The main content area features an 'Advanced Search' box and a list of publications. Each publication entry includes a title, date, author, and a blue 'Add sticky' button. The first publication is 'Código técnico de la edificación- Documento Básico HE - Ahorro de energía' and the second is 'Cost optimal building performance requirements'. A yellow oval highlights the 'Add sticky' button for the second publication. On the right side, there's a sidebar with a search bar, a 'My Communities' button, and a 'Propose Content' section.

Cost optimal building performance requirements

The EPBD recast requests that Member States shall ensure that minimum energy performance requirements for buildings are set "with a view to achieving cost-optimal levels". The cost optimum level shall be calculated in accordance with a comparative methodology. In May 2011 eceee presented a new report with the aim to contribute to the ongoing discussion in Europe concerning the details of such a methodology by describing possible details on how to calculate cost optimal levels and pointing towards important factors and effects. The methodology described in this report is consistent with the description of the process as presented in the study "Cost Optimality – Discussing methodology and challenges within the recast Energy Performance of Buildings Directive" published in September 2010 by the Buildings Performance Institute Europe (BPIE). The present document provides additional insights and details.

The screenshot shows the 'Energy Performance of Buildings Directive Community' page. At the top, there's a purple header with the 'BUILD UP' logo (energy solutions for better buildings) on the left, a survey banner 'Please take our survey Until 30 June!' in the center, and user navigation links (Admin., My profile, Logout, About) and a search bar on the right. Below the header, a green bar contains 'EXIT the community' and a breadcrumb trail 'Community Home > Energy Performance of Buildings Directive Community'. A navigation menu includes 'Community Home', 'News', 'Events', 'Publications', 'Links', 'Cases', 'Tools', 'Members', and 'Blogs'. The main content area features the community title 'Energy Performance of Buildings Directive Community', a description of the forum's purpose, a list of facilitators (Dick van Dijk, François Durier, Hans Erhorn, Heike Erhorn-Kluttig, Kirsten Engelund Thomsen, Hicham LAHMIDI, Marianna Papaglastra, Olli Seppänen), and an 'Unsubscribe from the community' button. To the right, a sidebar offers 'My Communities' management options: 'Propose content' (Blog entry, Post), 'Send to a friend', 'Print this page', 'SHARE', and a list of actions including 'My communities list', 'Edit community', 'Manage members', and 'Send a message to members' (highlighted with a yellow circle). At the bottom of the sidebar are 'RSS' and 'Subscribe to the Community RSS' links, and a 'LATEST MEMBERS TO JOIN' section.
