

Implementing Agreement Day  
of Belgium

Towards achieving the 2020  
energy-efficient building(s) objectives:

The contribution of the  
IEA implementing agreements

The FPS Economy and its  
Directorate-General Energy have the  
pleasure to invite you to this event  
on 7th February 2013.

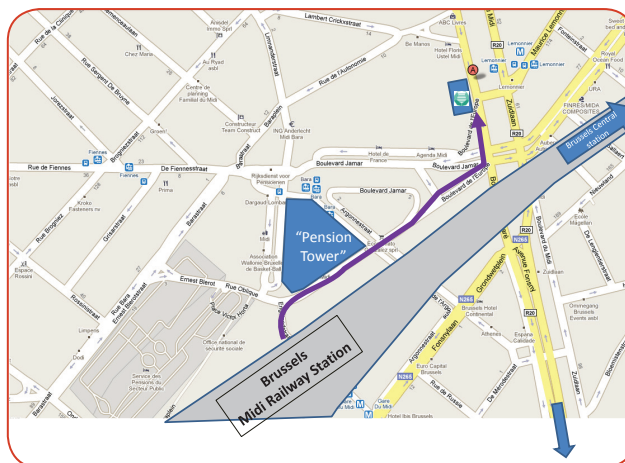

## Venue

**Belgian Building Research Institute**

Boulevard Poincaré 79

1060 Brussels

The venue is within walking distance of  
Brussels Midi Railway station

## Practical Information

when?

**Thursday 7 february 2013**

**from 8:30 till 17:00 hrs.**

**Registration**

Attendance is free of charge, but registration is required.

Please register by means of the included form, to be filled in completely and accurately, and returned to Mrs. Martine Amand **no later than 31 January 2013.**

**Martine Amand**

City Atrium C

Rue du Progrès 50

1210 Brussels

**Tel:** 02 277 77 99

**Fax:** 02 277 55 07

**E-mail:** [externcom@economie.fgov.be](mailto:externcom@economie.fgov.be)

**Language**

**This seminar will be held in English**

**There will be no simultaneous translation**

# Scope

The Third Implementing Agreement Day of Belgium has a particular focus on the building related implementing agreements.

In the European context and its Belgian implementation, a top priority is to meet the challenges of the European policy targets and in particular the various European directives, i.e.:

- The energy performance of buildings directive
- The renewable energies directive
- The energy efficiency directive

This seminar consists of a series of presentations (mainly by Belgian representatives in the various IEA implementing agreements) which pay a particular attention to the (expected) contribution of their activities to the achievement of the EU targets, whether at Belgian or international level.

Given this context, the target audience is not only the researcher community but also building professionals, governmental administrations, stakeholders' organisations and representatives from European organisations with a seat in Brussels.

# Programme

## 8:30 Registration and welcome coffee

### SESSION 1: Chair: Ludwig Vandermaelen, Belgian representative IEA Committee on Energy Research and Technology

- |      |   |                                     |
|------|---|-------------------------------------|
| 9:00 | • Opening speech  | Jean-Marc Delporte and Nancy Mahieu |
|      | • ECBCS: overview and ventilation related annexes   | Peter Wouters                       |
|      | • ECBCS Annex 55 - Reliability of Energy Efficient Building Retrofitting                    | Hans Janssens                       |
|      | • ECBCS Annex 58 Reliable Building Energy Performance Characterisation and Dynastee network | Staf Roels                          |

## 10:30 Break

### SESSION 2: Chair: André De Herde, Belgian representative IEA Solar Heating and Cooling Programme

- |       |   |                   |
|-------|---|-------------------|
| 11:00 | • SHC: overview   | André De Herde    |
|       | • SHC Task 37 - Advanced Housing Renovation with Solar and Conservation | Sophie Trachte    |
|       | • SHC Task 41 - Solar Energy and Architecture                           | Catherine Massart |
|       | • SHC Task 47 - Solar Renovation of Non Residential Buildings           | Sophie Trachte    |

## 12:30 Lunch

### SESSION 3: Chair: François Brasseur, Belgian representative IEA End Use Working Party

- |       |   |                    |
|-------|---|--------------------|
| 13:30 | • Demand Side Management(DSM): general overview     | François Brasseur  |
|       | • DSM Task 16 - Competitive energy services         | Lieven Vanstraelen |
|       | • DSM Task 24 - Closing the loop - Behaviour change | Frédéric Klopfert  |
|       | • Energy Conservation through Energy Storage        | Bert Gysen         |

## 15:00 Break

### SESSION 4: Chair Peter Wouters, Belgian representative IEA Energy Conservation in Buildings Programme

- |       |   |                                     |
|-------|---|-------------------------------------|
| 15:30 | • Quality of the works and BUILD UP Skills              | Olivier Vandooren and Peter Wouters |
|       | • European challenges and contributions by IEA projects | Gordon Sutherland                   |
|       | • Energy Performance in Buildings Consultation Platform | Jan Schaerlaekens                   |

## 17:00 Reception & Networking
